

from the desk of

RON REDMOND

July 16, 2008

As President of Challengers Golf Club, I would like to thank all members for trusting Challengers with your golfing experiences. As you know, we are a new club.

Our Executive Board is made up of club members. Let me assure you that they are as passionate and dedicated to making the club a success as they are about their golf game; and, that is serious.

Although the Executive Board has the responsibility for running the club's business, the club does not belong to the Board. It belongs to you, the members. If there is something you would like to see the club involved in, such as a course you would like to play, a family picnic or holiday party, just let a Board member know. Also if you need help with your full swing or short game, we can get you help.

On behalf of myself and the executive Board, thank you for being a Challengers Golf Club member, "Golfers Fore Life."

Ron Redmond, President

Challengers Golf Club
