

CHALLENGERS GOLF CLUB

“Golfers Fore Life”

We began as a group of 15 enthusiastic friends who enjoyed the game of golf. We decided to form a club to foster our camaraderie, play golf, and most of all have FUN. A team of us stepped up to the plate to help organize this venture. There were many tasks to complete. We selected a Board of Directors, established our constitution and bylaws, and most of all set our playing schedule for the year.

It was natural that our club would seek membership under Western States Golf Association’s umbrella. Among our membership several members belonged to WSGA. They told of the benefits of joining, the friendships they enjoyed, and the competitive golf outings they had attended. Also, some of our members were already working within “The First Tee of Los Angeles” as volunteers or had children who were actively participating.

Our members are extremely involved in the Southern Area as leaders and volunteers. The most energy comes from Beryl Bryant our Handicap Chair. Recently, she was appointed co-chair for the Competition Committee for the Southern Area Shootout in May. Also, she was appointed Volunteer Coordinator for The First Tee of Los Angeles under its executive director. She has been very resourceful and instrumental in organizing Challengers. We are blessed to have her on our team.

To date, we have accomplished much. We have gained two new members, and most of us have established our handicaps. We have eight junior golfers, three of which have advanced to the second level of the junior golf program. Monthly, together with friends, we come together for the purpose of the club that is to play golf and have FUN.

We are excited and look forward to growth, the golf, and the fellowship with other member clubs. We’ll see you all on the course.

**Ron Redmond
President**
